Packing house organization of equals estimate that 50,000 men have stopped work and the figure from the packers is 1,100. This is certainly quite a difference in estimates.

If you walk up the broad steps of the high school building and enter the main corridor you will have an understanding why it was said not long ago that high school pupils will never be permitted to attend a college where the building and equipment are not complete and modern. Anyone who enters the building senses the fact that it is a structure designed with the thought that every possible educational advantage should be offered in the high school years.

The congressional sub-committee on elections has declared Congressman Shaw was duly elected from this, the twentieth district. This finding will cause no surprise, as the objections urged against Congressman Shaw by his opponent, Mr. Rainey, were of a technical and really unimportant kind. The people of the district in a free ballot by a strong majority, declared their preference for Mr. Shaw and that fact should be sufficient.

Mr. Kendall of the farm bureau in his annual report, suggests that simultaneous township meetings be held and the members outline the things that they would like to have the bureau accomplish or inaugurate during the coming year.

In this connection, Mr. Kendall has suggested that neither the county agent or his associate should attend these meetings and urges that criticism be given freely if the members are so disposed. This statement indicates both an honest desire to serve and further the knowledge that criticism is often valuable in correcting errors and in pointing the paths of new usefulness.

There is no lack of work for the present session of congress. Even a few of the suggestions made by President Harding are followed out. The reading of the

message shows it devoid of orate and non-understandable paragraphs. There is meaning between the lines in the paragraph in which the president makes reference to division by party lines. Evidently with reason he disapproves of the bloc control now operative, where combinations are formed for the attaining of special ends without particular reference to the value of the action to the country as a whole.

Here are the president's words: "There is," he said, "vastly greater security, immensely more of the national viewpoint, much larger and prompter accomplishments where our divisions are along party lines, in the broader and loftier sense, than to divide geographically, or according to pursuits or personal following."

DEMOCRACY AT ITS BEST

(The Chicago Post.)

In spite of what pessimists say democracy is not always slack and inefficient. Every now and again we find some work of its hands which justifies our faith in its possibilities, our hope that it is slowly acquiring technique and ability for the competent management of its affairs and the wise and happy solution of its problems.

The Illinois School for the Blind, in Jacksonville, is a demonstration of democracy at its best in the vitally important work of caring for its handicapped. The demonstration lies less in the plant and its equipment than in the spirit and character of the administration. Doubtless there may be found plants more modern and more thoroughly equipped, but we doubt if anywhere will be found a spirit more responsive to the opportunities for service, more intensely occupied with the task of developing to the full the latent human values in the young life committed to its care.

All that is depressing in the connotations of the term "institution" has vanished from this school. It is as "institutional" as Lang Tech or Hyde park high. It differs from such schools only in the specialized nature of the instruction necessary for the blind, and in the fact that its students are resident. This latter fact has made possible the cultivation of a family intimacy between pupils and teachers which is reflected in the happiness of the former and the evident individual interest of the latter.

Under the administration of Robert W. Woolston, the present superintendent, much has been done to create the wholesome and stimulating atmosphere which impresses the visitor as one of the chief characteristics of the school.

The order of a wise discipline obtains throughout the school—an order which is efficient without rigidity, a discipline which

makes a wide measure of liberty possible. Behind and underneath it all is to be felt the warmth of intelligent sympathy. Mr. Woolston and the capable staff with which he has surrounded himself represent the democracy of Illinois engaged in a difficult and delicate task and doing it with heart as well as brain. It is as if the collective instinct of parenthood in the state had found a way to do for its handicapped youth what the individual parent would want to do if love had the facilities. This is the highest kind of politics. This is democracy proving itself fit for the greatest undertakings.

OLD JACKSONVILLE

WHEN LINCOLN DIED

(BY ENSLEY MOORE) Member Illinois State Historical Society

The writer came across an old canvassing-book the other day, which shows, as people of today may not know; how some references were made to Lincoln at the time of his death, and also gives names of a number of Jacksonville's leading people at that time.

Upon Mr. Lincoln's tragic death a number of authors and publishers got up biographies of him, and the number has grown and grown, until today there are probably more "Lives of Lincoln" than would be thought possible. Among those of the high class of writers who essayed handing Lincoln down to posterity in print was Dr. J. G. Holland, of the Springfield, Mass., Republican.

The "O. J." man was then a youthful Jacksonville, and he thought he could make some money securing subscribers to Holland's book, and also thinking it would be an excellent memorial as it proved to be. So Young Jacksonville secured authority to take subscriptions. He kept his canvassing book; and, seeing it a day or two ago thought people now would be interested in the announcement, and in the list of subscribers. The latter was not very long, but was a fine one as a whole. The youthful book peddler worked the handiest places, and then went off East to Philadelphia, "The Shore" and Washington City.

The Announcement was as follows:

"Proposals for publishing a popular life of Abraham Lincoln, late President of the United States, comprising a full and complete history of his eventful life, with incidents of his early history, his career as a lawyer and politician, his advancement to the Presidency of the United States and Commander-in-chief of the army and navy thru the most trying period of its history, together with an account of the tragical and mournful scenes connected with the close of his noble and eventful life. By Dr. J. G. Holland, the widely known and favorite author of the "Timothy Titchcomb" Letters, "Bitter Sweet," "Gold Foil," etc., etc.

The aim of the author will be to present the leading facts of Mr. Lincoln's eventful life, and to paint the character of the man whom the people of America had learned to love above any Chief Magistrate since Washington. Avoiding the burden of official documents, any further than they shall be absolutely necessary to a fair understanding of his principles and policy, and dwelling mainly on those aspects of his history which present him as a man and the President of a great Republic in the most eventful period of its career, the author's aim will be to describe as graphically as may be the public and private life of the humble citizen, the successful lawyer, the pure politician, the far-sighted Christian statesman, the efficient philanthropist, and the honored Chief Magistrate. The people desire a biography which shall narrate to them with a measurable degree of symmetry, and completeness, the story of a life which has been intimately associated with their own and changed the course of American history through all coming time. Such a narrative as this it will be the author's desire to give one that shall be sufficiently full in detail without being prolix, and circumstantial without being dull."

MEN OF STATE STREET CHURCH ENJOY SUPPER

The men of State Street Presbyterian church enjoyed an oyster supper Tuesday evening at the church, about 43 men being present. Supper was served by J. D. Siebert, Ralph I. Dunlap and S. F. Foley and the presiding officer was Carl E. Robinson. Judge E. S. Smith of the circuit court was a guest of the evening.

It had been announced that Dr. C. E. Black would give a stereotyped lecture on Greece but as he was unable to be in the city the pastor of the church, Rev. W. H. Marbach, gave an illustrated lecture on "Cairo and the Pyramids." The committee on arrangements included S. F. Foley, R. I. Dunlap and Dr. H. A. Chapin.

Then followed the prices of the three forms in which the book was to be issued, at \$3, \$3.50 and \$4 per volume, and some other points of the proposal, signed by O. F. Gibbs, Chicago, Ill.

A Fine Subscription List. The canvasser is proud to this day of the high average of the people who gave him their subscriptions, and with scarcely any effort on his part. The list is given here as, in part, showing leading citizens of Jacksonville and Morgan county, in the summer of 1865:

It was: Andrew McFarland, M. D., Supt., Ill. Hospital for Insane; Joshua Rhoades, Supt., Ill. Insts. for the Blind; Col. George P. Turner, editor Journal; Prof. J. B. Turner, Pullip G. Gillett, Supt., Ill. Inst. for Deaf; (Mrs.) L. P. Ross, Supt., Ill. Inst. for Idiots and Imbeciles; William D. Sanders, Professor, Illinois College; Hon. I. L. Morrison, lawyer; Joshua Moore; Rev. James G. Roberts, pastor Congregational church; Rufus Nutting, Jr., Professor Illinois College; Dr. M. M. L. Ried; John D. Strong, postmaster; M. P. Ayers, banker; Edward Lambert, market; William K. Dewey, dry goods dealer; W. O. Brooks, agricultural implements; N. Gurley, hide and leather dealer; Washington Allen, grocer; G. Teddick, shoe man, T. T. Delzell, artist; Col. J. T. Newman; S. Barton Hardy, druggist; Arch. M. Picher, builder; William C. Woodman, merchant; S. S. Napes, miller; William Russell, merchant; Michael Sanderson, Principal West District School; J. W. Lathrop, dry goods dealer; D. L. Davenport, miller; Basil Davenport, miller; Judge William Brown, banker; William Ratekin, merchant; Rev. D. H. Hamilton, pastor Westminster church; Robert Shields, farmer; Hugh Temperance; Jonathan Scholes, same; John Ditch, same; J. E. Ellis, same; Jonathan Scoles, same; Robert McConnell, foreman; Joseph Capps, woolen manufacturer; J. H. Hunt, shoe department; Deaf; A. DeFrettas, Deaf and dumb; S. A. Harrison, same; Mrs. Henry C. Wiswell, Mound Ave.; Rev. George C. Wood, Home Missionary; Richard Lambert, market; F. E. Dayton, druggist; Lyman L. Adams, same; A. S. Ervin, marble dealer; E. S. Sanford, marble; Hon. E. P. Kirby, lawyer; Dr. Robert E. Stevenson, druggist; William C. Stevenson, retired farmer; W. L. VanHartungen, grain dealer; T. Rice Smith, Wabash, St. Louis & Pacific, agent; Oliver Rightmire, Compton & Rightmire, painters; A. E. Ayers, banker; Jacob Strawn, farmer; Henry B. Funk, teacher and editor; George Jamison, later sheriff; Glynville, William S. Butler, builder, Jacksonville; John B. Fairbank, father to that family; A. H. Zerbe, Isaac Nash, William C. Davis, D. A. Gibson, James C. Fairbank, (the last seven of Concord); Rev. David King, Jr., Jacksonville; J. W. Mawson, merchant, Waverly; George Sinclair William Morey, Jacob R. Herr, Capt. Edward Lusk, Daniel Waldo and J. Wilson Thompson, all of Meredosia; Robert Hockenbuhl, druggist, Jacksonville, and William F. Fayerweather Burlington, Iowa, student, Illinois College.

A Good Work.

Dr. Holland's book came out in the Fall of 1865 and was one of the best of the histories of Lincoln, in one volume. Far better than some more extended ones.

ARGENTINA MAY**EXPORT LOTS OF OIL**

BUENOS AIRES.—(By the A. P.)—Continued development of the oil fields of Argentina and the entrance of considerable amounts of foreign capital into the country, have led observers to form the opinion that within a few years Argentina probably will be an oil-exporting country.

British, American, Swiss, German, Chilean and Belgian enterprises are now reported to be operating in Argentina in addition to the undertakings of the Argentine government.

In the Comodoro Rivadavia field the government continues successful drilling. In the other fields and potential fields through out the country, exploration is going on rapidly.

Rev. Powell and family were visiting friends in the city yesterday from Woodson.

L. MUSTARD FACTORY

**A. J. PATRICK DIED
SUDDENLY TUESDAY**

Was at One Time Star Pitcher of Jacksonville Club — Coroner Held Inquest.

Alfred J. Patrick, for a number of years star pitcher of the Jacksonville baseball club, died suddenly at his home, 422 Jordan street about 12:30 o'clock Tuesday afternoon. Mr. Patrick had been suffering from heart trouble for several years and had been under the care of a physician. The coroner's jury returned a verdict that death resulted from heart trouble.

Death came almost without warning to Mr. Patrick. At the noon hour he was lying on a couch and when Mrs. Patrick called him to dinner he did not stir. As he had not been feeling well Mrs. Patrick thought that a little further rest might be helpful and so she did not call him again until other members of the family had finished their dinner. Then Mr. Patrick, following his usual custom, played with the children for a moment or two as he sat upon the couch, and Albert J. Jr. was upon his knee. Suddenly the father gasped for breath and fell on his side.

Mrs. Patrick hurried into the room and was able to carry her husband thru the doorway to the side porch with the thought that outside air might be helpful. These passers came to her assistance but death had been instantaneous.

The jury met at the Gillham Funeral Home Tuesday evening. It was composed of Glenn W. Howard, foreman, A. R. Eyre, clerk, Roy Craig, Carl Cokely, W. H. Peters and C. A. Nelson. The jury heard the testimony of E. C. Surrait, an employee of Mr. Patrick and had a statement from Dr. A. H. Kennelbrew who had been treating Mr. Patrick. The verdict was based on this evidence.

Alfred J. Patrick was the son of Charles and Frances Oakes Patrick and was born in Arlington, Ky., Sept. 9, 1883. Early in life he showed ability as a pitcher and in 1906 he signed a contract with the Cairo club of the Kitz league. His first start was against the Jacksonville team and owing to his inexperience he was taken out of the game in the early innings and that night was given his release.

Frank Belt at that time manager and catcher of the Jacksonville club recognized the latent ability in the green hurler and when he came around to the hotel that evening and asked for trial he was signed up and left with the team for Paducah, Ky., where he won a game on his first start.

He developed into one of the best pitchers in the Kitz league and the following two years he was a star in the Central association. When Harry Berte was manager of the local club he sold Patrick to the Portland, Oregon club. He was not given a chance there, however, and soon returned east where he was signed by Dick Kinsella for the Springfield club in the Three Eye league. He won a pennant for Kinsella but in doing it lost his arm and when he was sold to the Cleveland American league club was unable to show his real ability. He afterward played minor league ball for several years and then retired. A number of years ago he engaged in the bus and baggage business here and was meeting with success.

Mr. Patrick was united in marriage in this city twelve years ago to Miss Ethel Jesse who survives together with three children, Patsy, Mildred and A. J. Patrick, Jr. He also leaves his father and mother and one brother and one sister, Charles Patrick, Jr., of this city and Mrs. Mae Alexander of Terre Haute, Ind.

In the business Mr. Patrick had established he had given excellent service and his patronage steadily increased. Those who came in contact with him in a business way learned to esteem him highly and he was a man who had the best standards of honor and honesty.

His home life was particularly happy and never a cross word was spoken there. The mother and three children adored him and the finest spirit of harmony ruled. So the sudden going of the husband and father comes with particular sadness to this family group. He was a member of Grace M. E. church.

Funeral services will be held from the residence at 2:30 o'clock Thursday afternoon in charge of the Rev. G. W. Randle. Burial will be in Diamond Grove cemetery.

Building Contractors Annual Banquet

The Associated Building Contractors held their annual banquet on Tuesday evening and were served an excellent dinner at 6:30 by the ladies of Congregational church in their new dining room of the Pilgrim Memorial. There was a large attendance of the members and the following guests were present: Rev. George Stickney, H. L. Caldwell, F. J. Andrews and Ollie Parker, all of whom gave interesting talks along the building lines, which were of interest to the contractors. Many seemed to think that the lowest price has been reached on many kinds of building materials and all looked for a building boom in 1922.

TRACKLESS MOTOR BUSES NOW IN USE

New Public Transportation Vehicle Offers More Difficulties for Traction Lines.

There is no doubt but that the troubles of the traction lines are multiplied these days. The increasing number of automobiles has seriously cut into the business of the street railway in the average city. Then along came the jitney to add some further demoralization. Possibly the greatest menace to the business of the street railway is the combination bus and trackless trolley which is in some instances already replacing the old type of street cars.

The special bus which has been constructed for the Trackless Transportation Co., of New York City uses either gasoline or electrical motive power. It can be propelled with gasoline as is the ordinary automobile or can run by electricity furnished thru contact with a trolley line. In this way it becomes an electrical trackless trolley.

A little consideration makes manifest the tremendous advantages of such a system. The city of Detroit is now building this type of bus for use in certain parts of that city.

NEW DEEMSTERS FROM ISLE OF MAN

DOUGLAS, Isle of Man.—(By the A. P.)—The appointment of two new "deemsters" or members of the legislative council of this island, has just called attention to the peculiarities of the ancient oath they take on the Bible when assuming office. It reads:

"By this book, and by the holy contents thereof, and by the wonderful works that God hath miraculously wrought in heaven above and in the earth beneath in six days and seven nights, I do swear that I will execute the laws of this island justly between our sovereign Lord the King and his subjects within this Isle, and between party and party, as indifferently as the herring backbone doth lie in the middle of the fish."

The Isle of Man, which is well known as a pleasure resort and is situated in the Irish sea, has its own legislature and is not bound by any acts of parliament, unless it is specifically mentioned in them.

BELIEVES INSTRUCTION IS BETTER THAN LAW

Springfield, Ill.—(By A. P.)—Announcing his belief that "the reforming power of instruction is far more effective than the reforming power of law," Dr. A. E. Campbell, city physician has turned from the courts to the schools and societies in his latest public health campaign. Beginning this week, he will appear before all the Mothers' clubs of this city.

After the holidays with the aid of local physicians, he intends to reach every school in the city, with lectures on flies and insects and also to reach all local clubs, with addresses on prevention of disease.

**NEW HARD ROAD WILL
BE OFFICIALLY OPENED**

Ceremonies Will Take Place Thursday Afternoon in Charge of the Chamber of Commerce Hard Roads Committee

The hard road extending east of the city from Morton avenue will be officially opened at 2 o'clock Thursday afternoon, with an impressive ceremony in charge of the Chamber of Commerce Hard Roads committee. A large parade of autos will form at the Chamber of Commerce headquarters at 1:30 and proceed to the hard road, where Mayor Crabtree will officially open it. The parade will be headed by the Illinois College band, and will include the Rotary club, the Kiwanis club, the Chamber of Commerce club and all the other car owners that can join in. The hour of 1:30 will be very convenient for the Kiwanians who will just be thru with their weekly luncheon at that time.

It will be understood that these are the tentative plans that have been laid by the hard roads committee, and will doubtless be subject to many minor changes. This committee has for its members President R. Y. Rowe, T. M. Tomlinson and W. E. Sullivan. They have been making arrangements with Contractor Lonergan, and everything will be in readiness for the grand opening.

After the opening ceremonies and a short address from Mayor Crabtree, the procession will travel to Arnold and then return to town to disband.

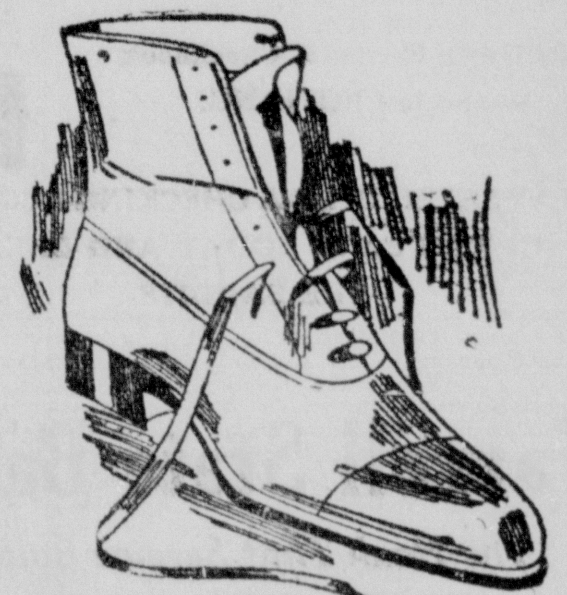

MANY CANDIDATES FOR BASKETBALL TEAM

Coach Mitchell has announced the turnout for basketball practice as the largest in years. About ninety candidates for the five were in evidence Monday evening. In order to take care of this huge crowd Mitchell has divided them up into four squads. The old regulars of last year and the most likely candidates compose the night squad, which practices after supper with three other squads for the rest. These are held, two during school hours and one after school. When a candidate shows sufficient improvement he is transferred from the day squads to the night squads.

There is an unusual amount of pep and enthusiasm this year over this branch of athletics in the school. With such a turnout and with the whole school back of them the team will surely be one of the best.

PREMIER BRIAND IS GIVEN VOTE OF CONFIDENCE

French Chamber of Deputies
Takes Action Tues-
day

(By The Associated Press)
PARIS, Dec. 6.—Both the senate and the chamber of deputies today gave votes of confidence to Premier Briand on his first appearance before them since his return from the Washington conference. In each chamber however, it was stipulated that the confidence vote was conditional on the premier's acceptance of wide debate on the results of the Washington conference, as far as France is concerned after the 1922 budget has been voted and the resolutions of the conference in Washington have been adopted.

M. Briand made his refusal to discuss the Washington conference a question of confidence immediately, when he entered the respective chambers today.

Both bodies approved the arguments he advanced, first, that the time was inopportune to debate the Washington matters while the conference still remained in session, and second, that the government must vote the 1922 budget before a question of such importance could be brought up before parliament.

STOCK SHIPPING CASES ON TRIAL

Juries Hear Evidence in Suits
Brought Against C. & A. Ry.,
Guy Rook and Harry Clark.

In the circuit court yesterday the trial of Robert Rook against Walker D. Hines as director general and the Chicago & Alton railroad was heard. This is a stock shipment case and was returned from the appellate court for retrial. W. T. Wilson represented the railroad and complainant's attorney was William N. Hairgrove.

The jury which considered the case included Andrew Kehl, Amos McCurley, W. A. Schmidt, O. C. Coultas, Felix Shantee, J. W. Malen, Frank Tendick, A. D. Fairbank, George Fanning, Alfred Myers, Wesley Coumbes and Charles Caldwell. At a late hour last night no verdict had been returned.

While the jury was considering the evidence and instructions in this case, the trial of Harry Clark against the director general and the Chicago & Alton was called.

This is another stock shipment case remanded from the appellate court. The same attorneys were interested. The jury considering this case included Walter Hardy, A. C. Metcalf, H. K. Chenoweth, C. A. Rowe, Joseph Peters, Clarence Wolke, Y. Y. Funk, Jesse Henry, G. S. Beekman, J. M. Roach, E. J. Landers and Homer Ranson.

A LETTER TO SANTA CLAUS

Dear Santa:
I have been just as good a boy as I know how and you skipped us last year. Now do not forget my little brother nor my little sister. I am five years old. Thomas is three and Myra two. I want a new pair of stockings and so do Tom and Myra, and Tom wants a new pair of rompers too. Just a few toys and some candy and we'll be as good as good can be.
Your little friends,
Donald, Thomas and Myra Eskew.

RECEIVED SLIGHT INJURY

P. E. Drury was slightly injured while out hunting Tuesday afternoon on his farm in the Orleans neighborhood. Mr. Drury was with other hunters and accidentally received a partial discharge of shot in the face and hand, which was upraised to his face at the time. His injuries are not at all of a serious kind. Mr. Drury is at Passavant hospital for a short time and Dr. Norris is attending him.

H. H. BANCROFT IS ATTENDING MEETING

H. H. Bancroft is attending a convention of Ocean Accident and Guarantee Corporation insurance men, in Chicago today. Two prominent officials of the corporation from New York will address the convention. Another speaker is a Chicago surgeon on "The Medical Phases of the Insurance Compensation Act." A banquet in the dining room of the Chicago Automobile club will close the session.

FAMILY GATHERING AT HOME NEAR MURRAYVILLE

A pleasant family gathering was held at the home of Mr. and Mrs. George Atkinson southeast of Murrayville Sunday. The sons and daughter of Mr. and Mrs. Atkinson spent the day with them and the occasion was one which all thoroughly enjoyed. At the noon hour a beautiful dinner was served. Those present were Mr. and Mrs. Thomas Hull and family, Mr. and Mrs. Lloyd Rees, Misses Ethel and Grace Atkinson of Passavant hospital in this city.

Miss Rose Walbaum has ended a visit with Mr. and Mrs. J. A. Zeller of Alexander.

CENTURIES OLD QUARREL IS ENDED

(Continued from page 1)
Head on a non-stop run.

At Holy Head a destroyer was waiting and it conveyed the secretary to Belfast. The signing occurred in the historic cabinet room, the prime minister and Arthur Griffith being the first to sign for either side, after which all the members shook hands all around with the greatest cordiality.

At three o'clock in the morning the premier sent a special message to the king at Sandringham and also a copy of the agreement.

Irish Delegates Satisfied

The Irish delegates are returning home fully satisfied with the result of the negotiations. They expect some opposition in the Dail Eireann but with the influence of Arthur Griffith and Michael Collins, as well as the other delegates they have little apprehension as to the outcome.

Mr. Lloyd George, Mr. Collins and Mr. Griffith are given the greatest credit for the success of the conference, though the premier had the loyal support of Austen Chamberlain and Lord Birkhead, the latter heretofore being looked upon as a "die hard" supporter of Ulster's claims. The two chief Sinn Fein negotiators came here with the reputation of being bitterly opposed to any agreement with England; they turned out to be more moderate than their colleagues, Robert Barton, who is an Englishman and George Gavan Duffy, who has practiced at the English bar.

Arrangements already are being made for prayers of thanksgiving in the churches of England. Cardinal Bourne has arranged for a service in Westminster cathedral on Thursday at the feast of the Immaculate Conception. The other churches have decided to hold special services on Sunday next.

Sir James Craig received the terms of the agreement while the northern parliament was in session this afternoon but decided not to break the seal until the cabinet met later in the evening.

ILLINI'S CAPTAIN ELECT IS INELIGIBLE

CHAMPAIGN, Ill., Dec. 6.—Don Peden, captain-elect of the Illinois 1922 football team is ineligible for conference football next year by a decision of the conference faculty board which met at Chicago last week, it became known here today when steps were taken to elect a new captain.

Peden was declared ineligible because he had played one year with Lombard College, while taking high school subjects. It was said.

He has played two years here. A conference ruling allows a player to play an extra year on a college team if he is a member of the academy at the time, but as Lombard maintains no academy the board held the rule did not apply, it was said.

Peden warned athletic authorities and teammates before his election that there was serious doubt of his eligibility, but the team elected him. Prof. G. A. Goodenough investigated the case and laid the matter before the board.

The date for the second election has not been fixed but it will probably take place this week. Dave Wilson, end and Joe Sternaman quarterback, are the leading candidates in the second election.

GIVE RECEPTION FOR GRAND JUNIOR WARDEN

Ridgeley Encampment No. 9 gave a reception at Odd Fellows' hall in West State street Tuesday evening in honor of Carl H. Weber who was recently elected Grand Junior Warden of the state.

There was an interesting program of addresses by state officers including Mr. Weber, and musical numbers. There was a large number present and the occasion was one of much pleasure. The committee in charge was composed of E. E. Henderson, T. M. Tomlinson and Charles H. Goodey.

MISSIONARY SOCIETIES HEARD FINE ADDRESS

The members of State street and Westminster missionary societies heard Mrs. L. C. Van Hook, a retired missionary from Persia at the joint meeting at the home of Miss Eleanor Moore, on West street Tuesday afternoon. Mrs. Van Hook told of her varied and most interesting experiences in Persia during the many years she was a teacher in the Presbyterian mission schools there. She is visiting at the home of Mrs. Finley Brown on her way south for a winter in Citronelle, Ala.

The State street society members were guests of the Westminster women. Delightful refreshments were served at the close of the afternoon.

MONTHLY MEETING TO BE HELD TONIGHT

ATTORNEY LE FORGEE ATTACKS CONSPIRACY INDICTMENT TUESDAY

(Continued from Page 1)

money. And with that staring them in the face, not of our making not coined or created by us their own child a fabric that has been woven by them—they ask you, in the face of these admissions * * * * to send Len Small to trial before a jury of twelve men because they say he conspired!

Judge Edwards asked whether the change of venue to Lake county was granted for both the governor and Mr. Curtis jointly, and when Mr. LeForgee answered in the affirmative the court pointed out "of course this matter of argument does not apply to Curtis."

"No sir," the attorney replied. Mr. LeForgee expects to take up the embezzlement charges tomorrow and will complete his argument by noon. He will be followed by Werner Schroeder and Alexander F. Beaubien, of the governor's counsel.

The governor's chief lawyer renewed his attack on the legality of the special return of the Sangamon county grand jury in which the alleged evidence against the defendants was outlined at the morning session. He argued that the return and report of the indictments rendered the indictments themselves void because the return was not sanctioned by law.

Judge Edwards interjected that his court is not "called upon to place the stamp of approval on the action of the grand jury of Sangamon county," and asked if the presiding judge there could not deal with contempt if the grand jury or the state's attorney's office had been in contempt in returning the report.

The only question at issue in his court, affecting the report, Judge Edwards said, is "whether or not their action is so far outside their duty under the law that it nullifies this action."

BUILDING HOUSE ON
SOUTH DIAMOND STREET
Lloyd Sinterwood has begun the erection of a residence on South Diamond street. The cottage will be somewhat on the bungalow type and the contract has been let to Lynus Updegraff. The lot is a short distance north

of Morton avenue on the east side of the street, an admirable location. Excavation has been made and the concrete foundation will be poured. It is probable that the main part of the carpenter work will not be done until spring.

FRANK HOPPER AT HOME AGAIN

Has Been in U. S. Navy and Spent
Many Months in Foreign Lands

Frank Hopper, an ensign in the U. S. navy, son of Mr. and Mrs. J. H. Hopper of 503 North Prairie street, returned Tuesday to his home here from fifteen months in the Mediterranean seas on board the Destroyer, Fox, 259. He arrived in Philadelphia, Pa., November 11, having come from Constantinople on the cruiser, St. Louis.

Ensign Hopper's experience includes visits in Athens, Naples, Rome, Pompeii, Alexandria, Jerusalem, Smyrna, several Russian ports, Cairo and over a year's stay in Constantinople, which he liked best of all. The capital of Turkey was the base of the destroyers' operations from September 21, 1920, to October 2, 1921, and he learned to know it better than any of the other places, he said. "There are more Americans in Constantinople, and plenty to do and see," he replied when he was asked his favorite port.

Carrying Russian refugees from the Bolshevik rule, was one of the duties of the American destroyers. His ship was used for this last year. Patrolling the seas, guarding American rights on the Mediterranean were the official duties of the boats of his division.

He spent much time sight-seeing in the many foreign cities, was at Ismid, when the Greeks fought the Turks and also saw the Greeks prosecuted and deported from Turkey.

Ensign Hopper enlisted in 1918 during the war and the last time he saw his parents was in April, 1919, so that when he landed in "the States" at Philadelphia the middle of November, he was ready to claim highest honors for this city, even above the exciting capital. He will make an indefinite length visit in Jacksonville, as he is waiting orders from headquarters.

AMOMA CLASS ELECTED OFFICERS

The annual election of officers was held for Amoma Class of First Baptist church Tuesday evening after their banquet. The following women were elected: President—Mrs. J. Wilson. Vice President—Mrs. Charles Story. Second Vice President—Mrs. George Smith. Secretary—Mrs. C. Patrick. Assistant Secretary—Mrs. Casey. Treasurer—Miss Lena Rabjohn. Assistant Treasurer—Miss Sarah F. Bowen. Press Reporter—Mrs. Jeanette Ogden.

Visiting Committee Chairman—Mrs. Lee Huff. Social Chairman—Mrs. Alex Rabjohn. Social Committee—Mrs. Barton, Mrs. Mumfower. Librarian—Mrs. Dawson. The outgoing president, Mrs. Alex Rabjohn, made a short address and Mrs. J. Wilson gave an appropriate speech on being elected president. Mrs. A. B. Williamson, the teacher, also talked briefly after the delicious supper. The committee for last night included Mrs. Charles Busey, Mrs. Walter Mumfower and Mrs. Kirk.

DOKAYS ARE VERY ACTIVE

Members of Ilderim Temple D. O. K. K. are active these days. Invitations have been issued for the Dokay dance which will be given next Monday night. Prizes for the benefit of the drill team will be given away at that time. Several auto loads of Dokays will go to Springfield this evening to attend ceremonial of Medinah Temple. The Imperial Price will be present at the meeting. Tomorrow night he will be here and Ilderim Temple will exemplify the work on several candidates for his benefit.

Mr. and Mrs. D. W. Osborne have received word of the arrival of a daughter at the home of their son, H. K. Osborne, in Chicago.

ROBBING MAILS IS DANGEROUS BUSINESS

Placing of U. S. Marines on Trains Has Changed the Occupation Greatly in Past Few Weeks.

KANSAS CITY, Mo.—Robbing government trains is a dangerous and unremunerative occupation, according to Joe P. Johnston, postoffice inspector here in charge of the Kansas City district. Mr. Johnston admits that registered mail robberies have been in distinct vogue recently, but he insists that they do not really offer the opportunity to get rich quick that those who attempt them believe exists.

Rather, says Mr. Johnston, they offer a remarkable opportunity to get killed or sent to prison quick. Then he recites the fates that have overtaken many mail bandits.

"They all get killed or sent to prison in the long run," he remarks, "and usually it isn't such a very long run, either."

Robbing the mails, the veteran postoffice inspector says, probably will be less attractive than ever the government has stationed marine guards on trains carrying valuable mails, and provided escorts of "devil dogs" for mail trucks and guards for rooms where mail is handled. The instruction given the marines is very explicit. It is a guard's duty to know who is authorized to handle mail, and to allow no one else to handle it. It is his duty to know who is permitted in the room or car where mail is handled and to permit no one else there. It is his duty, in case anyone attempts to rob the mails, to take that person, dead or alive, or to show a satisfactory reason why. And the reason needs to be a good one.

"Under Secretary Denby's orders," says Mr. Johnston, "about the only reason that is considered valid is that the bandit has killed the marine first."

"There has been an epidemic of mail robbery recently," Mr. Johnston continued. "I believe the reason is that a lot of young fellows believe there is easy money in large amounts to be had. That is a mistake. Ordinarily the loot obtained from registered sacks is NOT easily negotiable, and the bandit, even if he gets away with it, gets a small proportion of the value of the loot."

Mr. and Mrs. Ed Hill of Ashland were among the city arrivals yesterday.

J. P. Cooper was a Concord arrival in the city yesterday.

DISTRICT BAR TO MEET AT CANTON

Attorneys of Fourth District Plan for Convention—Prominent Men Will Make Addresses.

The sixth annual meeting of the Federation of Local Bar associations of the 4th supreme court district will be held at the Canton country club at Canton Friday, Dec. 16. Several members of the Morgan county bar will probably be in attendance.

The morning session will begin at 11 o'clock with an address of welcome by Col. B. M. Chipfield. The response will be by Hon. Henry Safford of Warren county. An address will be delivered by James G. Condon of Chicago on the theme, "An Enlarged Viewpoint."

Dinner will be served at one o'clock and at the afternoon session there will be two addresses. George C. Gale of Galesburg, who is a member of the constitutional convention and serving on the taxation committee, will discuss "Taxation in Illinois." Silas H. Shrawn, well known Chicago attorney, will have as his theme, "Our Interests in Europe." U. G. Butcher of Lewistown is the president of the district association and Jesse Heylin of Canton is secretary.

EDUCATIONAL NOTES

Dr. E. F. Nichols, president of Massachusetts Institute of technology, has resigned on account of continued illness. Dr. Elihu Thompson, who served as acting president after the death of President MacLaurin, has again been appointed to that position.

Rev. J. D. Williamson has been appointed acting president of western reserve university. President Thwing having retired on Nov. 11 after 31 years with the university. Dr. Williamson has been with the university many years and he will serve as chief executive until a permanent president is appointed.

Dr. H. A. Peck, vice chancellor of Syracuse university, died suddenly of heart disease on Nov. 17. He had been regarded favorably as a successor to Chancellor Day.

The board of trustees of Columbia university have taken action toward carrying out an expenditure of several million dollars. Work is to be begun immediately upon the construction of a faculty house to cost about \$250,000. The building will have a frontage of 80 feet on Morningside drive and will be 82 feet deep and four stories high. The present building will be torn down to make way for the new building for the school of business.

Felix M. Warburg has given \$15,000 to Teachers College, New York, to found a chair of civic education, and Mrs. Helen Hartley Jenkins has given \$50,000 to supplement her previous gift of \$150,000 for the department of nursing.

Boston University has started what is known as the "50th Anniversary Fund," beginning with the students, and later the appeal will be made to the alumni. The ultimate goal will be \$4,500,000. In ten years the growth of Boston University has been from less than 1500 students to about 10,000.

Over 8,000 students are enrolled in residence work at the University of Michigan. Mr. Hughes, the secretary of state, will be the commencement speaker in June.

December 4th to 10th has been set aside by the National Education Association and the American Legion as American Education Week. The purpose is not to carry out a program which will interfere with the regular activities of schools, but rather thru articles in newspapers and periodicals, thru conferences of civic leaders, thru slides in picture theaters, thru information carried by children to their homes and thru other means to help the public generally to understand the great importance of education in the life of the community and the nation.

The attendance at State Normal Schools and Teachers Colleges this year shows a marked increase over that of last year, and a much larger increase over that of two years ago. Pre-war figures have again been reached and in many instances have been passed. An enrollment of 3,247 students in the Normal Schools of the State of New York is an increase of 42 per cent over that of last year and of 67 over that of two years ago. While this is encouraging, it must be borne in mind that all the Normal Schools turned out last year only about half of the teachers needed in the elementary schools, and that the colleges turned out only about half of the teachers needed to fill the vacancies in the high schools. About one-fifth of the public school teachers in the United States have not had as much as a Normal School education.

Hotel reservations for the meeting of the Department of Summer attendance to be held in Chicago February 27th to March 3rd may be made thru Mr. M. G. Hogge, chairman of the housing committee, board of education, 650 S. Clark St., Chicago.

For the first time in Canada all women who are British subjects will be eligible to vote.

FRANCE'S NEW R. R. LAW NOW IN EFFECT

Wipes Slate of All Transactions Relating to Moving of Troops and Munitions During War.

PARIS—(By A. P.)—France, in its new railroad control law, makes the railroads a present of advance, past, present and to come in the next five years of an amount estimated at 10,000,000,000 francs. These advances, however, are in large part due to the former agreement with the railroads whereby they had to transport millions of troops and millions of tons of supplies during the war at a rate based on pre-war conditions. The sponge is passed over all these transactions.

The new law, to which the railroads have informally agreed, needs formal acceptance by the corporations but it is expected to become effective early next year. The government then will have general supervision of the roads thru an executive board that will control operation and order improvements. The government will control directly freight charges so that certain industries may be favored if desirable.

The companies will have reinforced credit and during five years the government will pay the interest on 6,000,000,000 francs of securities the roads will issue to improve the lines.

A co-operative pool of profits is instituted by the law. Railroad earnings above a certain return to stockholders and above interest charges will be paid into a common fund to be used to meet any deficit by other lines. A company, however, that shows greater than normal efficiency in handling traffic or otherwise, may retain additional profits, determined by a sliding scale.

There is also provision for labor participation in the various controlling boards and opportunities for profit-sharing.

MURRAYVILLE MAN CELEBRATES BIRTHDAY

Thomas Wilson of Murrayville celebrated his 82nd birthday Monday and fifty of his relatives gathered at his home in continuance of the custom of recent years.

A turkey dinner was served at noon which included every good thing which should go with such a menu, and a delightful day was spent.

"Uncle Tommy," as he is best known is well and active and is justly proud of his fine crowd of children, grandchildren and great grandchildren. The guests included: Oliver Wilson and children of Nortonville, John Wilson and family of near Jacksonville, Jonas Wilson and family of Jacksonville, Frank Wilson and family of near Franklin, Corbit Wilson of Grand Rapids, Mich., Mrs. A. T. Story and family and Mrs. C. E. Roney and family of Murrayville and grandchildren, Verner Wilson and family and Mrs. Elzie Virgin and family of Jacksonville, Mrs. Emery Thady and family, Mrs. Lee Mellor and family, there being 7 children, 21 grandchildren and 8 great grandchildren, all present but one granddaughter, Miss Lela Wilson and a step-son, James Green and family of Winchester.

RECORDS TELL EARLY STORY OF CHICAGO

Chicago—(By A. P.)—One winter many years ago, a deer swimming in Lake Michigan landed exhausted at the foot of the gardens of the Walkers on Michigan avenue.

This was near Fort Dearborn, then standing, when Chicago had a population of 17,000. The young boy who was delighted with the deer, which was captured alive, was George Clarke Walker, later one of Chicago's leading business men. The incident is noted in the current issue of the University Record of the University of Chicago, to which Mr. Walker generously contributed.

MOST PEOPLE WORK FOR R. R. IN DANVILLE

Danville—(By A. P.)—Contrary to a general belief coal mining does not provide employment for the greatest number of laboring men in Danville. The railroads land by almost 1,000 jobs. A survey showed 3,600 men employed by the roads and 2,600 in the mines.

MAYOR WOULD BUILD NEW CITY HALL

East Moline—(By A. P.)—Mayor G. F. Johnson is opposed to spending \$23,000 to repair and remodel an old school building into a city hall. With a few thousand dollars more, he says, a new city hall can be built. The John Deere school building which was given to the city by the board of education will, however, be used for municipal purposes.

MILKIN GIRLS TABOO SMOKING

Decatur—(By A. P.)—Excessive uses of cosmetics, slang, unduly conduct and smoking are declared taboo at Milkyn university in a resolution passed by the girls of the institution.

FARM ACCOUNT BOOKS WILL SOON BE READY

Chicago—(By A. P.)—Farm account books prepared by the Illinois Bankers association will be ready for delivery before the first of the year. It is saved at headquarters here.

Urbana, Ill.—(By A. P.)—Forty-two head of hogs, 24 sheep, and 7 beef cattle, all developed on the University of Illinois farm, are exhibited by the University International Live Stock show in Chicago.

PHILATHEA CIRCLE GAVE CLEVER PLAY

The Philathea Circle of Central Christian church gave an entertainment Tuesday evening in the social room of the church before a large audience. "The Ideal Husband," a one-act farce was presented. Mrs. Fred Meyers read two selections and a Parcel Post sale was held. Some of the members ran a candy booth. About

\$50 was cleared and the entertainment was free.

One girl who took part in the clever comedy were Miss Katie Clarkson, Miss Velma VanVine, Miss Audie Neece, Miss Irene Smith, Miss Sylvia Piper, Miss Martha Stults, and Miss Elvah Shire. Miss Pearl Jewsbury, assisted with the preparations for the show. The large hall was packed with people so the Circle feels repaid for their hard work.

Patrick Sheehan and Mathew McNamara were awarded the contract for the plumbing for the new addition to Our Savior's Hospital. The long experience of these two men in plumbing work has made them well qualified to handle the large contract.

Horace Swain of Sinclair left Tuesday night for Chicago for a short visit with his brother, John Swain.

IDEAL Hog Waterer

Saves 25% on Feed For Hogs

Takes the chill off the water the hogs drink. Enables them to put on the same flesh with one-fourth less feed. Cold water chills their stomachs, stops digestion, lowers body temperature. Hogs on cold water have to turn more corn into fuel to keep them warm, make slower growth and yield smaller profits. An Ideal waterer will save this extra feed and save you time and labor chopping ice. Most modern and efficient waterer for every day service ever made.

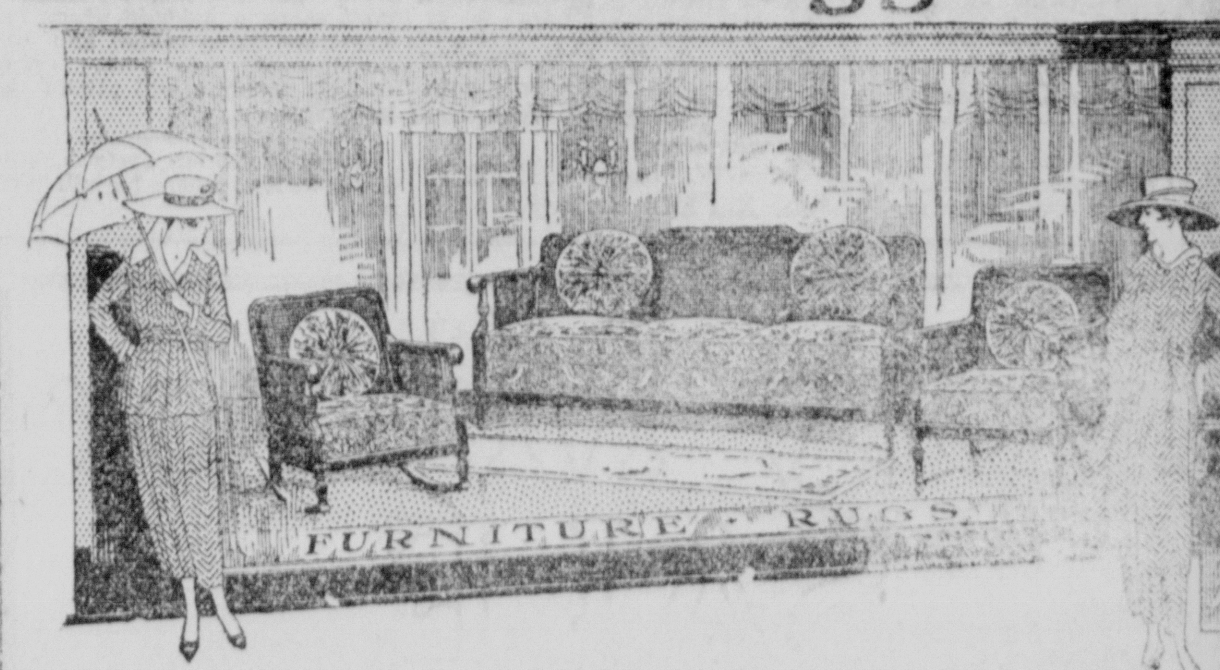

See This Waterer NOW!

It's made right. Supplies clean water with the chill off when the temperature is 40 below. Made of heavy galvanized steel in sizes to suit all needs. Special lamp heater furnished. Hogs and corn are real money this year. An Ideal Waterer will make you heavier hogs on less feed. Call and see them next time you're in town.

AMERICAN LEGION ELECTS OFFICERS

Elmer Henderson is Newly Elected Commander of American Legion Post No. 279.

A business meeting of American Legion Post No. 279 was held Tuesday evening at the club rooms, when officers and committee members were elected for the coming year and other matters of business given attention. Plans were discussed for an indoor carnival which the Post plans to give at the Auto Inn on Dec. 22, 23, and 24. The funds realized from this undertaking will be used for furnishing a room at the new Morgan county Anti-Tuberculosis sanatorium.

A committee was named to investigate the matter of the proposed building of cottages for disabled soldiers at the State hospital. A fund was appropriated for this purpose by the legislature and similar cottages which are being erected at Elgin are now practically finished.

The newly elected officers are: Commander—Elmer Henderson. Vice commander—Dr. A. B. Applebee. Adjutant—Reaugh Jennings. Chaplain—W. H. Marbach. War Risk Officer—Hugh Green. DEATHS

Kelley.

Peter Kelley of White Hall died at Our Savior's hospital at 8:50 o'clock Tuesday morning.

Decedent was born in Greene county, July 4, 1862 and all his life had been spent in that county. He was united in marriage to Miss Lillie Blake at Carrollton thirty three years ago and she survives. He also leaves four children, Elmer, Ina, Mae and Glenn Kelly all of White Hall.

The remains were removed to the Gillham Funeral Home and prepared for burial. They will be taken to White Hall this morning and funeral services will be held in Belitown Friday afternoon at 2:30 o'clock with interment in Belitown cemetery.

Duffy.

The death of Mrs. P. J. Duffy, occurred Tuesday afternoon at the home of her sister, Mrs. James McGinnis, 1505 South Main street, after an illness of several years.

Mrs. Duffy was born in Jacksonville in 1853 and lived here until twenty years ago when she went to Chicago. Following the death of her husband and a son, she and her daughter, Flavia, came back to this city to live with the McGinnis family. Beside the sister and daughter, Mrs. Duffy is survived by a brother, John M. Rodman of Chicago.

Funeral services will be held at the Church of Our Savior Thursday morning at 8:30 o'clock.

Dunlap.

Mrs. Sarah M. Dunlap, of Springfield, mother of Mrs. Anna Black, of Jacksonville, and Mrs. Grace L. Wilcox, of Franklin, died Monday at St. John's hospital in Springfield. Mrs. Dunlap until two years ago lived in the New Berlin neighborhood for thirty years and was known well in this county.

Beside her husband, Irvin Dunlap, Mrs. Dunlap leaves three daughters, Mrs. Black, Mrs. Wilcox and Miss Irene Dunlap, of Springfield, and one brother, Henry Rickerby of New Berlin, and two sisters, Mrs. John Watrett of Loami and Mrs. Kate Baker of Lowder.

The services will be held at 10:30 o'clock this morning, at Island Grove Methodist church, with Rev. M. R. Johnson, of Springfield, officiating. The burial will be in Wood Wreath cemetery.

HI-Y CLUB MET AT WESTMINSTER TUESDAY

Rev. Thomas Smith Was Guest and Spoke Briefly—Club Will Be Host to Coach Mitchell and J. Men of J. H. S. Football Team at Next Meeting.

The Hi-Y club had its weekly meeting at Westminster church Tuesday evening and fifty-one boys were served at delicious supper by a committee of women from the church. Rev. Thomas Smith was a guest of the club and made a few remarks after the supper.

The study was on Old Testament characters and was led by J. S. Findley, secretary. Some of the boys adjourned to the upstairs for a meeting of the 1921 conference club and they decided that reports of the Older Boys Conference should be arranged for all young peoples' societies in the county, which would like to hear them. It was voted during the business session to invite the fifteen "J" men of the high school and Coach Mitchell to the supper next Tuesday night at Westminster.

Mrs. John T. Gunn, Mrs. David Smith, Miss Jessie Holmes, Mrs. P. F. Shaffer and Mrs. Herman Ellis were the women in charge of the good supper.

COON RUN DRAINAGE BETTERMENTS PLANNED

County Court Will Hear Evidence on Petition—District Was Organized More Than 20 Years Ago—Improvements Will Cost \$85,000.

A great deal of interest in the west part of the county attaches to the Coon Run Drainage and Levee district case which is to be heard before Judge Samuel in the county court next Monday. The district was originally organized in 1900 and has J. H. Wilker, Henry Leonhard and Herman Nortrup as the commissioners.

The district contains 4,600 acres of land and is traversed by Coon Run, Spring Run and Eagle Run creeks, which afford an outlet for all drainage in the district. The outlet to these creeks, together with Wolf Run creek, is thru the Dresser ditch into the Illinois river. The Wolf Run creek is outside the boundary of the district excepting a short distance above where it enters the Dresser ditch. The drainage areas as shown by the survey of the Jacksonville Engineering Co., of the streams mentioned outside of the district are approximately as follows:

Coon Run, 24 square miles; Spring Run, 7 square miles; Eagle Run, 7 square miles and Wolf Run, 9 square miles.

Silt Fills Creek Beds.

The report of the Engineering Co., says that the run-off from the water shed outside the district is very rapid owing to the hilly and rolling land, and a considerable amount of silt is being carried by the streams mentioned, and since the fall in the streams is materially reduced within the boundaries of the district the silt has been deposited in the stream beds of these streams in some places are higher than the lands on the outside of the banks, and at the present time do not afford an outlet for the drainage of lands within the district.

It is stated that the lower mile of the Dresser ditch is entirely filled and the water spreads out and runs in a westerly direction into the lower part of Smith Lake. Further it is stated in the Engineering Co's. report that since the silt will be deposited in the main channels from time to time, that it will be necessary to carry the flood water between levees and to construct outside ditches to drain the lands in the district independent of the main channels. It is said that these ditches can be maintained as they will not be subject to the flood waters carrying silt.

Recommendations are made for the widening of Dresser ditch in both the upper and lower reaches. It is recommended further that two levees and two side ditches be constructed around and parallel to the center line of the Coon Run main ditch, and the suggestion is further for levee construction parallel to the Spring Run ditch.

In addition to some other levee construction the plans contemplate a tile drain construction.

Estimate of Cost.

The estimate of cost made by the company of the improvements proposed is based mainly upon expense for excavation at the rate of 20c per cubic yard. The next largest expense would be for drain tile. The estimated amounts are as follows:

Dresser Ditch lower reaches, 25,133.8 cubic yards, \$5,026.76.

Dresser Ditch upper reaches, 62,431 cubic yards, \$12,486.20.

West Side ditch and levee, 70,592 cubic yards, \$14,118.50.

East side ditch and levee, 75,997.2 cubic yards, \$15,199.44.

Spring Run levees, 50, 481.1 cubic yards, \$10,066.82.

Eagle Run levee, 11,062 cubic yards, \$2,212.40.

Additional right of way, 21.10 acres @ \$260 per acre, \$5,426.

Tile drain complete in place, \$10,024.80.

30 inch sluiceway under Spring Run, 1,680.

3 inch by 3 inch sluiceway under East Side levee, \$1,000.

5 inch by 4 inch sluiceway under West Side levee, \$1,350.

Court costs, engineering and other lawful expenses, \$7,575.18.

The Murrayville High School will hold an oyster supper and bazar Thursday evening, Dec. 8. Everybody welcome.

WEATHER DIFFERENT 22 YEARS AGO

George H. Hall, United States volunteer weather observer at Alexander, in a talk with a Journal reporter Tuesday evening, recalled the weather of twenty-two years ago, which was quite different from that of Tuesday.

Dec. 6, 1899, saw three and one-half inches of snow on the ground, from that date until January, 1900, the ground was covered with a coat of snow. On Christmas day, 1899, there was seven inches of snow.

There also was considerable difference in the temperature. Dec. 8, the thermometer registered three below zero. On the ninth it was four below and on the tenth, one below. On Dec. 20, it was 14 below. Let us hope that the coming winter will not be that cold.

STATUS OF FARM BUREAU ORGANIZATION

(Continued from Tuesday.)

Agricultural Needs of the County

We are emphatic in stating a better price for farm products. With that statement made it is in order to mention the need of a thorough grasp of the principles of soil fertility. We certainly ought to save time and energy by farming fewer acres better. We certainly ought to increase our small grain. Our corn is not only diseased but badly damaged by insect pests. We need co-operation in producing a better quality of corn and controlling insect attacks.

Our community meetings showed that many were interested in the use of limestone and phosphate, but the slump in farm prices and the curtailment of farmers buying power has resulted in few sales. Only twenty cars of limestone have been ordered through the Bureau and only one of phosphate. Two farmers' elevators have erected sheds for the storage of limestone. One of these has handled the material to the convenience of the farmers.

The outstanding crop pushed this year was the soybean in corn and also as a hay and seed crop. Over four hundred bushels of soybeans were seeded in the county this year. We now produce all the seed needed to supply our wants. The Ebony and Mongol are two varieties that seem to meet our needs.

We have made some increase in alfalfa the past year. Our own observation confirms us in the conviction that August seeding is the best for us to recommend rather than by spring seeding, although some have succeeded by seeding in oats.

We think that the matter of growing disease resisting seed corn is worth while. Our plot on North Diamond street was so badly damaged by the corn ear worm that it is impossible to tell of the respective merits of diseased and disease free seed furnished us. One of our members, C. A. Rowe made a field trial on a large scale and found less rotten corn in the field plant with corn supposed to be disease free. F. R. Watson selected the smooth type from his own seed and had similar results. In the light of this experience it seems worth while to emphasize the culling of one's corn for the smoother type.

This will mean a radical change for the rank and file in the matter

of selecting seed corn. At this time we are arranging for a Junior corn show open to the boys and girls in the High, Grade and Rural school of the county. We are offering liberal premiums for corn culled from that grown on the farm, using the score card showing the physical characteristics of the Utility Type. A boy or girl is at liberty to enlist the services of his teacher, parents, or friends in making the selection this year. Another year we shall quite likely put a premium on the corn grown by the pupils instead of selected by them.

We are committed to seed certification, but have not gotten anyone interested in producing certified seed. We realize the importance of interesting men of unquestioned integrity in this work, if it is not to fall into disrepute. Last winter we held community meetings and developed the following program of work. At that time these were the lines of work those present seemed most interested in.

Major Projects.

1. The increased use of lime and phosphate.
2. Larger acreage of legumes on every farm.
3. Corn diseases and certification.
4. Livestock and farm products show.

Minor Projects.

1. Pure bred sire campaign.
2. Organization of breed associations.
3. Livestock shipping associations.
4. Pure bred sales.
5. Boys and Girls Pig club.
6. Poultry culling and management.
7. Grain marketing.
8. Co-operative buying seeds, fertilizers and feeds.
9. Farm accounting, farm arrangement, co-operative leases, locating money for borrowers.
10. Promotion of good roads.

We are now committed to a different plan of making a program of work. We are in favor of the president of the Farm Bureau appointing and letting them make out a set of questions, and then calling in township chairmen and a co-operator from every school district and holding a school of instruction and then a meeting all over the county on one night and finding out what the membership wants the Farm Bureau to do. The Farm Advisers ought not be present at these meetings, for if members have any criticisms to offer they ought to have the privilege of expressing themselves fully and freely. It is better for the Farm Bureau that they should say just what they think.

In the line of horticulture the Farm Bureau has done nothing the past year. It does seem possible for us to advocate a fruit orchard on every farm suitable for the needs of the family. It seems to us an opportune time to set out small orchards and small fruits of all kinds. In the light of the present situation in the county, we ought to do some pruning and spraying on what orchards remain before we try to establish new orchards.

The matter of livestock and dairying will be handled by the associate adviser, who has been engaged to develop those lines of work. So far as the adviser is concerned, he has been converted the past year from a beef cattle advocate to a man who would not handle them on a bet.

In the line of farm management we have distributed a small number of farm account books but have not been in a position to assist in closing these accounts. We find that a number of other account books in use.

We have been instrumental in introducing co-operative leases in several cases, but now think that best results can be obtained thru an intensive campaign to interest both landlord and tenant.

We have some requests for assistance in locating money for borrowers. We have a Federal Farm Loan association at Waverly that covers a part of the county, and one at Springfield that covers the entire county. In general when a man can secure money from these sources he seems to be able to get loans from private parties and banks.

In the line of marketing organizations in working out their plans. Local live stock shipping associations have been organized at several points. Those at Rees, Chapin, Concord, Joy Prairie and Litterberry are actually handling stock.

The Farm Bureau has issued an exchange list once per month and has been instrumental in selling many farm products thru that means to the office. It is not possible to make an accurate estimate of the amount of these sales. We do know of individuals instances in which the entire crop of wheat and soybeans has been sold for seed purposes thru that means. (To be Continued.)

The Woodson Woman's club will give a chicken pie and plum pudding supper December 8 for the benefit of the Anti-Tuberculosis Sanitarium. Price 50c. Music by Woodson band.

The Concord Christian church will hold the annual business meeting of the church on Saturday at 2 p. m.

WHITE HALL STUDIES HIGH SCHOOL NEEDS

Public Mass Meetings to Be Held for Discussion of Various High School Problems—Other White Hall Items

White Hall, Dec. 6.—A policy of full and complete publicity is to characterize the efforts of the board of education to focus local sentiment on a definite plan for meeting the high school needs of White Hall. This statement is made by the secretary of the board, H. W. Shirley, as having been adopted with the abandonment of the community high school district which automatically restores the high school functions to the board of district number five.

This policy of publicity begins with the holding of public mass meetings for the discussion of the situation and plans for a new high school building, the first of which was held last Friday evening in the assembly room of the high school, presided over by Louis Lowenstein, president of the educational board. He outlined the school situation in White Hall with reference to the unsanitary firetrap that is now the best accommodations we have, and that it is left to the city alone to provide the necessary building facilities to adequately take care of the schools with the annulment of the community high school district and the release of the farming territory from sharing in the tax to meet the expense of erecting a high school building, thus throwing the entire burden of taxation onto the city district. Mr. Lowenstein introduced A. L. Pillsbury of Bloomington, an architect, who spoke to considerable length.

Mr. Pillsbury mentioned that he had planned twenty high school buildings in the past four years, and the spoke of the needs of White Hall, pointing out that the district needs a high school building costing not less than \$90,000, or about 33c per cubic foot of air space. He gave a list of twenty high schools in Illinois that show an increase on this estimate.

Buildings without fireproofing can be constructed much cheaper, the speaker citing one high school building recently erected at a cost of 18c per cubic foot of air space. He predicted that the costs of building material and labor will not be much cheaper during the ensuing year. Mr. Pillsbury then spoke of the plans he had drawn for White Hall, which provides room for all the departments, such as manual training, domestic science, commercial, science, zoology, agriculture and gymnasium. He stated that the standard for a gymnasium should be fifty by seventy feet, seated with folding chairs that can be readily moved and cleared for gymnastic exercises. This plan also provides for five class or recitation rooms.

The speaker mentioned that no district wants to lower the standard provided by law or the state superintendent of public instruction. Any building must be so arranged and so ventilated as to provide 1,000 cubic feet of air space per pupil during school hours. The proposed plans for White Hall would provide for all this equipment and be a pride of the community. The architect discussed at length the needs of the various departments.

Chairman Lowenstein then called for general discussion, which was participated in by W.

L. Winn, H. O. Tunison, Dean Cora, C. H. Giller, Clyde Sloan, Miss Ruth Evans, E. L. Wendell and H. W. Shirley, all approving in a general way the plans as outlined, the objection being that the bond limit of the district is \$85,000, and the building expense must be held to this figure. All agreed also that if the old building is left to the grades it would have to be fireproofed and iron stairways installed, hall floors laid with cement, and that all the lower rooms be provided with outside exits that would avoid the hallways.

Is Labor Candidate
A labor candidate for congressional district is being groomed in the person of T. F. Shuman, of Roodhouse, who at present is serving as local chairman of the railroad trainmen's organizations at that terminal. A statement to this effect has been received by W. P. Neutzman, agent of the C. A. at White Hall. It is signed by R. McD. Smith, secretary of the organization of conductors at Roodhouse, and says:

"Feeling that the time is opportune for the laboring men to place a candidate in the field for congressman, and believing that we have a man in the ranks who will more than fill the bill, one whom every man who has had any dealings with knows him to be a representative of labor, we would be pleased to hear from you as to what you think of his chances of being elected to that office. The order of railway conductors is ready to place T. F. Shuman in the field for the office of congressman, and if we can get the support of all labor organizations we will certainly put up some fight."

Mr. Shuman was born and reared at Roodhouse, and worked his way to the position of trainmaster at that point, but resigned because of certain exactions that he regarded as a reflection on the honor of the men in the service.

Stop--Look--Listen

It's a funny thing so many people compare values on a basis of first cost.

Nearly every day we read in the paper that some "out" has a perpetual motion machine. Or some company is giving away good oil stock.

STOP and think. The laws of nature and science tell us you can't get something for nothing.

LOOK at the mistakes others have made trying to find a pot of gold at the foot of the rainbow.

LISTEN to your inner conscience. It will tell you, **QUALITY COUNTS** in the long run. Many of the colossal blunders you blame to other people, were really your own in the first place.

MOTTO:—Buy Quality. Demand the Best. Don't try to "get by."

OBITUARY.

Thomas Edward Rea was born June 29, 1863, south of Murrayville, known as Greasy Prairie. Later he moved with his parents northeast of Murrayville where he has spent most of his life. He died on Nov. 29, 1921 at 2 o'clock a. m., at Our Savior's hospital, in Jacksonville, Ill., where he had been taken the day before. He has been in poor health for some time past, but his illness was of short duration. He leaves his brothers Benjamin C. Rea at the home place and Jas. A. Rea, at Lowder, and two nephews, four nieces and a host of friends to mourn his loss. He was an affectionate brother, and a loving, obedient son, a kind and considerate neighbor and friend, and had the respect and confidence of the community in which he has lived. Funeral services were held from the Christian church in Woodson at 2 o'clock p. m., Wednesday, Dr. G. W. Miller officiating, assisted by Rev. Fuller. Music was furnished by Mrs. Nettie Ezard, Mrs. R. R. Jones and J. H. Shirley, with Miss Shirley at the piano.

The floral offering were cared for by Misses Mable Lorton, Mae Cooper, Dorothea and Bessie Rea.

The pall bearers were Messrs. Clarence Lorton, Dr. C. E. Scott, Thomas O'Connell, A. T. Story, Jas. Elliott, Michael Riffey, with honorary pall bearers, Messrs. Jas. McAllister, J. F. Blumling, Henry Seymour, Thos. Story. Interment in Jacksonville cemetery.

We wish to express our sincere thanks to the many friends for sympathy extended and for all services and favors rendered in our sad hour of bereavement by death of brother and uncle, Thomas Edward Rea.

It's Nerve Force from Nuxated Iron

It makes STRONG, MAGNETIC MEN, who make a powerful presence felt at they enter a room.

NUXATED IRON

contains the principal chemical constituent of active living nerve force in a form which nearly resembles that in the brain and nerve cells of man. It also contains organic iron like the iron in your blood and like the iron in spinach, lentils and apples.

Organic iron enriches the blood and plenty of rich red blood means more nerve force, so that Nuxated Iron not only feeds what might be termed artificial nerve force to the nerve cells, but it stimulates the blood to manufacture a greatly increased supply of new nerve force. If you are weak, nervous or run-down, get a bottle of Nuxated Iron today, and if within two weeks' time you do not feel that it has increased your nerve force and made you feel better and stronger in every way, your money will be refunded. Sold by all Druggists.—Adv.

REV. A. P. HOWELLS AT HIGH SCHOOL

Rev. A. P. Howells, of the First Baptist church, addressed the high school assembly yesterday morning, delivering a fine message to the students. Both the speaker and the high school authorities were very much pleased with the response on the part of the students. The speaker talked on "The Passing of the Ego," and took for his text the scripture verses, telling of the Pharisee and the Publican.

Miss Josephine Milligan of the high school girls' club, made a short talk to the students on the play to be presented, "The Rivals," on Dec. 12. Through the girls' club, four points of outside reading credit will be given for attending the performance. The book itself ordinarily is allowed two credits but this special allowance has been made in this case by the faculty. Students must secure their tickets from their English teachers, so that a list may be kept.

HIGH SCHOOL GIRLS CLUB MET TUESDAY

The Girls Club of the Jacksonville high school met yesterday afternoon immediately after school. This was purely a business meeting. Tickets were given out for "The Rivals," to be presented December 12th at the high school auditorium. The Girls Club is backing this enterprise and has urged all of its members to sell as many tickets as possible.

Caroline Doane was appointed at this meeting as chairman of a committee to see that sick students are visited and otherwise shown that they are thought of by their fellow students.

Miss Doane is the chosen member of the committee and has not as yet announced its members. The only other matter of importance was the announcement of the Girls Club Christmas party for December 20th.

EPWORTH LEAGUE PLANNING SOCIAL

The Grace church Epworth league is planning for Friday evening. The Grace league has invited as guests of the occasion, the Ebenezer Epworth league and the Durbin Epworth league. The Grace church young people are expecting a crowd of about 200 students for the fun. The general idea of the social is to come attired in old fashioned clothes, so there will be plenty of amusement along this line.

Miss Lucile Stright is chairman in general charge of the arrangements, assisted by a number of other members of the league. Ordain Fox will be the auctioneer to raffle off the boxes. The entertainment will include many unique features, and promises a good time for every one.

EARL JACKSON SUFFERS INJURY

Earl Jackson, colored, who drives a coal wagon for Romeo Bynum, was thrown from his seat and run over by the rear wheel of the wagon Monday afternoon, breaking his leg. Jackson was turning out of the car track at the corner of South Main and College street, when a sudden lurch of the wagon threw him from his perch. When he hit the ground he turned, causing one of the wheels to run over his leg.

He was immediately taken home where the proper medical attention was given.

Lewis Moeller of north of the city was a caller here yesterday.

STOCK MARKET WAS FAIRLY ACTIVE

By Associated Press.
NEW YORK, Dec. 6.—The stock market was fairly active and broad again today, but the only shares to display consistent strength were those favored by technical conditions; namely an extensive short interest.

Favorable developments, such as President Harding's message to congress and the strength of foreign exchange failed to stimulate public support but impelled considerable short covering in the later dealings.

The one feature of the president's message which seemed to cause disappointment was his qualified reference to the country's merchant marine. Oils, equipments and leathers were moderately reactionary. Sales totaled 750,000 shares. Call loans ruled at 400 per cent until the final hour, an unexpected inquiry than for the rate to five per cent on prime collateral 30 and 60 day loans, were made in moderate amounts at 42 per cent.

Further realizing sales account for the irregular tone of the bond market that condition applying especially to Liberty and victory issues. Rails reacted to the heavy trend of Pennsylvania and St. Paul issues and international were less active than at any recent period. Total sales (par value) \$20,750,000.

Chicago Livestock Market
(By The Associated Press.)
Chicago, Dec. 6.—Cattle—13,000. Market nervous and erratic. Beef steers mostly 15 to 25c lower. Some sales or shipping account steady; top yearlings \$11.50; choice 1.522 and steers \$9.35; bulk beef steers \$6.80 to \$8.75; she stock and bulls 15 to 25c lower; calves steady to 25c lower; stockers and feeders steady.

Hogs—37,000. MATERIAL CHANGE IN PRICE OF WHEAT

By Associated Press.
CHICAGO, Dec. 6.—Wheat underwent a material change in price here today owing largely to reports of poor demand for cash wheat and flour at Minneapolis. The close was heavy, 1 1/2 to 3c net lower, with May \$1.12 to \$1.12 1/2 and July \$1.04 to \$1.04 1/2. Corn lost 1/4 to 1 1/2¢ and oats 1/2 to 3¢. In provisions the outcome varied from unchanged figures to 1¢ advance.

Before starting to decline the wheat market temporarily showed considerable firmness. Prospects that Germany would be granted three years respite from cash indemnity payments appeared to have much to do with the early upturn in price.

Gossip was also current about crop deterioration in Argentina, that country being represented as buying grain which had been sold to Great Britain.

Demand here however, lacked volume and bulls seemed to lose confidence when news came that Minneapolis wheat stocks were increasing and that the milling demand for wheat in any position had fallen off. Scattered liquidation ensued and with no aggressive support in sight the finish was at the lowest level of the day.

President Harding's recommendation to congress that the Russian relief committee be given 10,000,000 bushels of corn had no apparent effect on the corn market. The country sold corn rather liberally to arrive and prices were on the downgrade from the start.

Cats reacted with other grain. Higher quotations on hogs gave a little firmness to provisions.

M. E. PASTOR HAD LONG AND USEFUL LIFE

Rev. Nathan English, Who Passed Away in Nebraska, Had Fine Record for Zealous Work in Methodist Ministry

Mention was made not long since of the death of Rev. Nathan English at his home in Arnold, Neb., where he has been resident for several years. His daughter, Mrs. Fritz Haskell, of Scott county, had been summoned to Arnold on account of the serious illness of her father and was there when the end came.

The Arnold Sentinel printed a resume of the life and work of Rev. Mr. English, which was, in part, as follows:

"At rest, though having lived long beyond expectation. Rev. Nathan English, who has been in very poor health for a long time, but due to skillful medical aid, and the very best of loving care and efficient nursing, finally slipped easily and peacefully away early Wednesday morning. He knew the time had come, how we do not know, but he told his wife and pastor Tuesday evening, 'I'm going tonight, but I'm ready.' And he did.

"Brother Nathan English, the oldest child of George and Sarah Bryant English, was born at New Salem, Ill., April 24, 1851 and after a long illness he crossed the border and stepped into the promised land, at the age of seventy years, six months and twenty-nine days. And between these two dates stretches a life particularly fitted and singularly filled with aggressive thought and the plodding activity of a faithful minister.

Licensed in 1878

"At the age of fifteen he was converted to God and united with the Methodist church at New Salem, Ill., and ever since he has been a consistent Christian and a faithful member of the church. His home church gave him his local preacher's license in February, 1878, and in the same year, he moved to Nebraska. On Dec. 16, 1880, he was united in marriage to Miss Emma Mills, at Roca, Neb., and to this union were born six children, all surviving him except the youngest, Raymond Mills, who died at the age of eight years.

"On May 3, 1882, he came to

Arnold and located on a homestead northwest of town. On Oct. 21, the same year, he organized the Methodist church at Arnold and served as its pastor for two years. At first the services were held in the homes later a sod structure was erected and on the first Sunday when services were held in it he organized a Sunday school.

"In the fall of 1886 he was admitted to the western Nebraska conference and he served Taylor for two years, Westerville one year and then returned to the Arnold neighborhood for a year. During this time he organized both an Epworth and a Junior league, serving as the first Epworth league president. In the fall he took up active work again, serving Callaway and Tully at Kearney, Neb. It was here he went to the Garrett Biblical institute and after his graduation in 1895 he served the following churches in Illinois: Kinderhook, Griggsville circuit, Versailles, Jacksonville circuit and Brocton. Then he came back to Nebraska and served Alexandria, Lexington, Kimball and Gibbon.

"In the fall of 1917 at his own request because of failing health he was granted the retired relation and since that time he has made his home in Arnold until he died in triumph.

Helped in Time of Need

"In the passing of Brother English the Nebraska Conference has lost one of its makers. Duty was to him both an impelling and compelling motive. When it was clear to him that God pointed to the big circuits of the pioneer service of the Methodist ministry with its toils, exposures, meager financial support and sacrifices of various kinds, there was no hesitancy. His will was to do God's will and from that he never flinched or turned back. When the drought and grasshoppers drove many of the other preachers to more promising fields, Brother English stayed by the unfortunate ones to succor and comfort. He was a genial and companionable man with large faith in God and in the truth of the Bible. As a preacher he was logical, convincing and evangelistic. The people heard him gladly. His ministry was full of results. He was truly a friend of men and his powers as a soul winner were proven throughout his ministry. Many are they who will rise up and call him blessed. He was a tender, devoted husband, a kind father and a faithful friend to all.

"Those who miss his homegoing the most are his wife and five children, Mrs. Fritz Haskell, Herbert Vincent, Mrs. Florence Emma Grim, George William, and eleven grandchildren, one brother, George, of San Jose, Cal., and many other relatives and friends.

"The obsequies were conducted in the Methodist church, which was packed to its capacity. Reservations were made for the Masons, Eastern Star and a delegation from Gibbon, a former parish. A full choir furnished the singing. Rev. G. G. Goman of Broken Bow led in prayer. Rev. H. M. Pinkney of Carlton, an old time friend, read the obituary and delivered the eulogy, telling about their long time friendship and the esteem in which he held the deceased. He said that much of the present success of the Arnold church was due to the efficient and faithful work of Brother English, and that we were reaping from the seed that he had sowed. Rev. Johnson, the pastor, preached from Gen. 4:10. After the service at the church his mortal remains were laid to rest in the Arnold cemetery to await the resurrection morn.

"It was Rev. Mr. English's request that his six nephews act as pallbearers; they were Guy, John, Ben, Charles, Clarence and Floyd Mills.

At the cemetery the Masons had charge of the service.
